Nov. 28, 1938.

Nathan Rice,
District Commander, S.U.V.,
Worcester, Mass.

Dear Brother Rice:

Thank you for yours of the 26th. While neither Camps 85 or 122 have sent Election reports both camps have paid the per capita tax for the September quarter. We note that Camp 122 is to continue with the same officers and will mark our records to that effect. It is to be regretted that no installation is contemplated as these have a tendency to get out members and arouse a little interest in the activity of a camp. However in this case if they think best to omit it this year we suppose we had best let it ride as it is.

There seems to be no good reason why the birthplace of Brother LaBadie should not be changed on the records in accordance with his desire. We know that many small towns in our own United States were not particular in keeping birth records as far back as 1873 and undoubtedly the same was true of Canada. Surely he must know where he was really born and it is of course better to have records corrected than to contnue to carry them wrong. We are returning his letter herewith.

Hope to hear from Camp 85 and will let you know if we do.

Fraternally yours,
Leon H. Palmer
Sec'y-Treas.
